# ROBERT HITLER

creative coder

## About me

I did my schooling in Parikrma Humanity Foundation and finished my college in Srishti School of Art, Design and Technology.I have always been fascinated by computers and enjoy doing works like web design, coding and modelling. I have experience in coding for the web, microcontrollers. I have also done 3D modelling in Fusion 360 and have basic understanding in AR (augmented reality).Now I want to set my path on learning AR (augmented reality) and AI (artificial intelligence).When I am not in front of my computer,I spend my time listening to music, photography and dancing.

## Skills
